GREETINGS:

To Our Customers and Friends—

With the advent of another season it gives us pleasure to send you our 1944 catalog and again offer you many new and popular Dahlias at a low prepaid price.

Due to increase in operating expenses we have had to advance our prices on our stock. Like all other business firms, we are working under labor and material shortage due to war conditions. Since January 1, 1943, we have two sons who have joined the armed forces as well as other young men who helped us.

We have made a specialty of growing Dahlia plants and find them to be satisfactory for producing roots. Our root divisions are from field grown stock.

In addition to dahlias we are offering you perennials, annual, small evergreens. We intend to enlarge on this line in the future.

We will appreciate it very much if you will send your orders in as early as possible so we can reserve your wants. All our stock is limited more than ever this year. Will ship your order at planting time, or any time you specify. Any root that does not show an eye in **THREE WEEKS** may be returned and we will replace at once.

Visitors Welcomed

Any time you are in our vicinity, please pay us a visit. We will be glad to meet you and show you our gardens, nursery and greenhouse. Blooming season for Dahlias and Chrysanthemums are from September until killing frost. Many new introductions will be included in this year's planting.

Shipping Information

Orders are booked and filled in order received. Early ordering is advised while stock is complete.

All stock **STATE** and **FEDERAL** inspected and sent to you in a growing condition. We guarantee all stock true to name. Anything proving otherwise will be replaced the following season.

Terms

All orders are cash, unless otherwise arranged. If it is desired to have a shipment made **C. O. D.**, then a deposit of 25 per cent of the order must be sent. Postage must be included on orders under \$2.00.

Special Notice On Dahlia Plants

On all orders for dahlia plants, 25c extra must be sent to cover special handling charges. No **C. O. D.** order on plants unless 50% of the amount of the order is sent at the time the order is made.

Key To Abbreviations

F. D. ----- Formal Decorative
I. D. ----- Informal Decorative
C. ----- Cactus
S. C. ----- Semi Cactus

Notice

"Mothers Day" comes on May 14th so why not send her a lasting gift of Dahlias or other flower plants. On orders for "Mothers Day Gift" we will include a Mother's Day Card.

Varieties Not Listed

If you are wanting a variety not listed, please write, as we may have it. We do not have all our stock listed.

Also we will have other new introductions for 1944 that are not on our list.

Special Plant Information

Dahlia plants are very satisfactory in regards to bloom and root production and do not cost as much as roots. Plants are developed from selected roots, grown in the greenhouse in clap pots, then shifted outdoors to harden off for more sturdy plants. You can't go wrong using Dahlia plants for the new introductions.

"Better Gardening"

By HARRY P. O'BRIEN

This handbook of 120 pages is needed by every gardener. Gives information on pruning shrubs, evergreens, planting dahlias, perennials and everything in general for better gardening.

Well worth many times its price. Price 25c.

World Event (F. D.)—Amaranth pink flushed mal-low purple giving a soft glowing pink. Size 9 by 6 inches. Has high center and petals turn back to stem -----Plants \$7.50

Honor Roll Dahlias That Are Outstanding for 1944

The following Dahlias are the Number One varieties that were 1943 Headliners.

- Adorable (I. D.)**—Large vivid peach shading to yellow at center. Beautiful. Rightly named **Roots 75c**
- All American (S. C. 1941)**—Mulberry rose suffused salmon with wax yellow at base of petals. The petals twist somewhat and point in all directions. Very outstanding ----- **Plants Only \$1.00**
- Alice May (I. D.)**—This novelty is from Australia and considered a White Lord of Autumn. A pure waxy white. Stems perfect ----- **Plants Only 75c**
- *Ballego's Surprise (S. C.)**—A pure white incurved cactus. Considered very good ----- **Plants 50c**
- Baker's Best (I. D. 1943)**—Lemon yellow bloom of 10 inch size with good stems ----- **Plants \$1.00**
- Bataan (S. C. 1943)**—Red cactus with petals tipped gold. Good grower ----- **Plants 75c**
- Bessie Smith (I. D. 1943)**—Pure white. Stems long and strong. Extra good ----- **Plants \$2.00**
- Blue Moon (I. D.)**—Large blooms of lavender shading to lilac. Purple at base of each petal, making a darker color at center. Strong stems producing flower, 12 inches in size ----- **Plants \$1.00**
- Blue River (F. D.)**—Blue French violet. The nearest to a blue dahlia. New and good. Special price
Roots 50c
- Begonia Rose (F. D.)**—Extra long stem cut flower with a Raspberry Rose color. Has four certificates to its credit ----- **Plants \$1.00**
- Buckeye King (F. D.)**—Large blooms of amber gold.
Roots 75c
- *Chamberlain (S. C.)**—This one has a beautiful combination of deep salmon with soft rose shadings changing to violet. Good erect stems and a good keeper. Very outstanding ----- **Plants Only 75c**
- California Idol (I. D.)**—Clear bright yellow. Large blooms. A prize winner in any show. Sure to please any flower lover ----- **Roots 50c**
- Cherokee Brave (I. D.)**—Gigantic oxblood red. Fine form with excellent stems. A real prize winner. Does well in the sun ----- **Plants 75c**
- Class (F. D.) 1941**—Sulphur yellow formal, with giant blooms which have been grown to 15½ inches. Under ordinary conditions it will average 10 and 11 inch blooms. Bushes are rugged and of medium height ----- **Plants \$1.00**
- Crowning Glory (Inc.)**—Truly a beautiful Dahlia with large blooms of artistic formation. Color is rose pink with a cream center. A 1941 introduction.
Plants \$1.00
- Columbia (S. C.)**—Color deep gold with a peach pink blending. Has made a good record in the past season in the shows. Blooms range from 12 to 16 inches by 8 to 10 inches depth ----- **Plants \$1.00**
- Colin Kelly Jr. (I. D. 1943)**—Phlox-pink to lavender. Large blooms 12 to 14 inches in diameter. Rated on three Honor Rolls ----- **Plants \$3.00**
- Col. Rudd (I. D. 1943)**—Carmine red with mahogany red center. Giant blooms ----- **Plants \$2.00**
- Commando (F. D. 1943)**—Phlox purple with blooms with blooms 10 to 12 inches in diameter. Some descriptions are a clear lavender ----- **Plants \$2.50**
- Confuscious (S. C.)**—Chinese red. Early and free bloomer. Good ----- **Plants \$1.00**
- Dahliaum (I. D.)**—Similar to a huge chrysanthemum of bright cadmium apricot with a golden sheen. The extra long petals recurve to the stem. Bloom of giant size 12 by 10 ----- **Plants only 75c**
- *Darcy Sainsbury (I. D.)**—This Australian variety is a fine white with good size and formation.
Roots \$1.00, Plants 50c

- Dixie Wine Dot (I. D. 1943)**—A variegated white splashed with wine color. Blooms can be grown to twelve inches in diameter ----- **Plants \$2.00**
- Dorothy Lamour (C.)**—A beautiful large cactus of the brightest orange imaginable ----- **Plants 75c**
- Enchantres (S. C.)**—Bright orange buff with slight rose coloring. Good stems ----- **Plants \$1.00**
- Esplendido (I. C. 1943)**—Soft reddish pink. Bushes tall and strong. Stems good. A grand flower. **Plants \$2.00**
- Evelyn Chandler ((S. C.)**—Large bright gold of rare color. A straight petaled semi-cactus which has been called a Gold Satan. Size of blooms 10 to 13 inches by 6 to 7 inches deep. A 1940 introduction. **Plants 75c**
- Eventide (I. D.) 1940**—Color rich deep purple. Comes almost to a formal in form at time. Has strong stems with flower facing side. Foliage dark and resistant. Won a certificate with score of 86 at East Lansing in 1938 where it scored highest score. Size 9 to 10 inches ----- **Plants 75c**
- Everybody's Favorite (Salem, 1939) (I. D.)**—A rose pink bloom without the faintest trace of lavender. It is very large and can easily be grown over a foot across. The petals fall back to the stems giving the bloom tremendous depth. The stem is good and the bush is very rugged, and it attains a height of six feet ----- **Plants 75c**
- Flash (C. 1940)**—A striking bi-color with an unusual formation and color effect. The petals are crimson red, tipped pure white. Petals are lacmiated which curl and twist Has made a good record in shows and trial grounds ----- **Plants \$1.00**
- Glamour (I. D.)**—An immense true purple with each petal edged amaranth pink. Long strong stems. Has been grown to 14 inches. Very outstanding. **Roots \$1.00, Plants 50c**
- Gold Mine (F. D. 1943)**—Yellow lightly shaded coppery pink. Very attractive and good -- **Plants \$1.50**
- Irene Dunne (I. C. 1943)**—A rose pink straight cactus, which is one of the largest pink cactus to date. Very good ----- **Plants \$2.00**
- Indian Giant (I. D. 1943)**—A huge large petaled flower of apricot buff. Flowers easily grow over 12 inches across ----- **Plants \$1.50**
- Indian Summer (S. C.)**—Medium size blooms of golden yellow with soft orange suffusion -- **Plants \$1.00**
- Kentucky Sportsman (I. D.)**—An unusual bi-color dahlia. Color is lemon yellow at the center, outer petals golden amber tipped white, and an old rose reverse. Medium size blooms. Try this one. **Plants 75c**
- Kentucky Sun (F. D.)**—A large clear attractive yellow blooms on cane like stems. Good for exhibition. **Roots 75c**
- Lois Walcher (F. D.)**—An outstanding 1939 dahlia and regarded as the leader of all 1939 introductions. Color is deep Amaranth to pansy purple with the outer one-third petals a clear white. There is no blending of the two colors, each breaking sharply into the other ----- **Roots \$1.00**
- Lord of Autumn (I. D.)**—Deep golden yellow. Exceptionally beautiful ----- **Plants 50c, Roots \$1.00**
- Maffie (I. D.) 1940**—Massive blooms of intense red having perfect formation. Blooms have reached a size of 13 inches and held on long stems. Has won many ribbons ----- **Plants \$1.00**
- Mrs. Edison (F. D.)**—Deep rose red with rhodamine purple lined silver on the reverse. Blooms are quite large ----- **Plants \$2.00**
- Moon Goddess (F. D. 1943)**—Primrose yellow on long strong stems. Highly recommended -- **Plants \$2.00**
- Monarch (F. D. 1943)**—A rich ox-blood red with long stems. An early bloomer and a good cut flower. **Plants \$1.00**

Montebello (I. D. 1943)—Orchid crimson or violet red. Comes into bloom early. Fine stems.

Plants \$1.50

Pearl Harbor (I. D. 1943)—A beautiful bi-color of rosy lavender flecked and splashed dark purple, which appears blood red. Named in memory of the tragedy at Pearl Harbor. Medium size blooms of 8 to 10 inch flower -----Plants \$1.50

Queen City (F. D.)—Scarlet pink of Jersey Beauty type. Good habits. Fine cut flower -----Roots 50c

Silver Lady (I. D.)—Ivory white, lightly overcasted with a lavender rose. Very useful as a cut flower as it has good stems and blooms held erect. Good grower. Try this one. Large blooms of 10 inch size.
Plant 75c

Sir Francis Drake (I. D. 1943)—A huge flower of golden bronze shading deeper at the center. A dahlia of great size and good habits --Plants \$2.00

Stephen Foster (I. C.)—Buff yellow and orange lightly suffused with Tyrian rose on front and back of 10 to 12 inch blooms -----Plants \$1.00

Sunray (I. D.)—Huge blooms of clear buff with apricot suffusions, reverse of petals peach red.
Plants 50c

Trojan (I. D.)—Introduction of crimson red overlaid wax yellow with the yellow more pronounced on reverse of petals. The petals twist giving it an artistic form. Long strong stems -----Plants \$1.00

WAAC (F. D. 1943)—A very large dahlia for the blend class. Bloom 10 by 5 inches. Color, pastel shades with cream center and pink outer petals. A sure winner for the blend classes --Plants \$2.00

Wanda Meade (I. D. 1943)—Scarlet red evenly tipped pure white. A striking dahlia which has great possibilities as a cut flower. A clean grower with flowers of remarkable substance. Highly recommended -----Plants \$2.00

Waves (I. D. 1943)—Deep lilac suffused violet rose. A mid season bloomer with many petals twisted and incurved. Huge size -----Plants \$1.00

Wings (S. C. 1943)—Dark carmine, almost blood red, long strong stems. Early and free bloomer. Diameter of blooms 10 to 12 inches ---Plants \$2.00

Zant's Pink (I. D.)—A deep pink that does not fade. Healthy foliage and a great root maker. Roots 75c

Chrysanthemums of the Good Standard Varieties

The following hardy Chrysanthemums are of the older varieties that have outstanding merits and are worthwhile in any garden. Prices are for strong pot plants each 25c; per dozen \$2.00, not less than one dozen at this rate.

- Acacia**—Semi-double intensely brilliant sulphur-yellow.
- Apollo**—Bronze red.
- Astrid**—Dwarf single shell pink. Heavy green foliage.
- Algonquin**—Yellow large pompon type.
- Adironda**—Bronze button type.
- Autumn Lights**—Coppery bronze. Duplex.
- Barbara Cummings**—Yellow shaded bronze.
- Burgundy**—Rich cerise-crimson with deeper tones as the flower matures.
- Caliph**—Rich velvety red. Double.
- Clara Curtis**—Bright pink. Early single like a pyrethrum.
- Crimson Glory**—Bright crimson.
- Crimson Splendor**—Single rich garnet with a prominent gold center.
- Cydonia**—Orange. Mahogany.
- Dasira**—Single flesh pink, heavy bloomer.
- Early Wonder**—New lavender pink. Decorative type. Blooms early.

Embers—Double Coral orange bronze.
Granny Scovill—Coral bronze.
Goblin—Golden bronze. Double.
Jean Treadway—Lovely pink with a dark rose pink center.
Jewell—Deep lavender. Button type.
Jewelry—Rose pink. Pompon type.
Lavender Lady—Truly a fine cut flower. Good bloomer. Double lavender blooms.
King Midas—Extra early yellow double variety.
Louise Schling—Glowing salmon red.
Marie Antoinette—Deep pink pompon type.
Nancy Copeland—Spectrum red.
Pale Moon—Sulphur yellow.
Pygmy Gold—Dwarf plant with mass of golden yellow buttons.
Roberta Copeland—Semi double of iridescent rosy red. One of the new ones. Excellent cut flower.
Rose Glow—Raspberry and old rose.
Ruth Marion Hatton—Produces early blooms of canary yellow pompon type. Early bloomer.
Ruth Hatton—Lovely white pompon.
Ruth Cummings—Rich bronze terra-cotta.
Saturn—Sparkling orange and bronze.
Symphony—Double. Copper pink.
Tasiva—Early white heavy bloomer.
Venus—Single lilac pink flowers.

NEW SPOON CHRYSANTHEMUMS

These are a new race in the Chrysanthemums which is entirely different from the other types. The long tubular petals flatten at the tips so that each represents a miniature spoon. These were first introduced in 1940.

Golden Spoon—Beautiful golden yellow.
Jasper Spoon—Bronze and red combination.
Orchid Spoon—Light pinkish lilac.
Pink Spoon—Beautiful baby pink.
White Spoon—White with a creamy center.
Yellow Spoon—Brilliant yellow.

Any above varieties 35c each, 3 for \$1.00. These are strong plants and will bloom this fall.

CUSHION CHRYSANTHEMUMS

These are the most popular of the dwarf Chrysanthemums. Growing about 18 inches high and producing hundreds of blooms. The following are the latest introduction.

Champion Cushion—A reddish deep bronze. The flowers and growing habits are of a perfect cushion type.
Commander Cushion—Red daisy-like flowers with bright yellow center. A very desirable plant for the perennial border.
Gold Cushion—Deep golden yellow.
Major Cushion—A valuable addition to the Cushion family. Bright salmon-pink flowers making a noticeable plant among other varieties.

The above are new varieties for 1944 and can be supplied in strong pot plants to bloom this fall. Each 35c, one of each \$1.25, one dozen \$3.00.

THE STANDARD CUSHION CHRYSANTHEMUMS

These are the older varieties that have been popular for a number of years and still in great demand. Colors: pink, white, yellow, bronze and red. Colors: **PINK, WHITE, YELLOW, BRONZE** and **RED**. Strong plants each 25c, two plants each (ten in all) \$2.00.

Hardy Plants

- Aquilegia or Columbine**—Mixed colors. 8 for \$1.00
- Anchusa-Myosotidiflora**—A lovely plant that blooms in May and June with blue forget-me-not flowers. Good for shady places ----- **Each Plant 25c**
- Anemone**—Very odd and attractive blue and purple flowers, about 10 inches high. Comes very early in spring ----- **Plants Each 20c**
- Asters**—Hardy and dwarf in mixed colors. Grow 15 to 20 inches high ----- **Plants Each 35c**
- Baptisia Australis or False Indigo**—A fine perennial for cut flowers. Dark blue lupine-like flowers. Grows about 3 feet high ----- **Each Plant 35c**
- Bleeding Hearts**—A long loved old fashion flower that was admired by our grandmothers.
 Per Plant 50c
- Canterbury Bells**—Excellent plants for cut flowers. Mixed colors of blue, pink and white.
 Each 15c, 2 for 25c
- Carnations**—Something all garden lovers need to help complete their flower planting. Mixed colors of pink, red and white ----- **Each 15c, 2 for 25c**
- Carnation Crimson King**—This is an excellent carnation and considered the best to date of outdoor carnations. Produces beautiful double crimson flowers on stems of 12 to 14 inches length. Will bloom practically through the summer if flowers are cut so new ones can develop. **Strong Plants 35c**
- Carnation Beatrix**—Another addition to the hardy Carnation. This is a coral pink. Very dainty and good ----- **Plants 35c**
- Daisy—Shasta Supreme**—Excellent large daisy. Not as early as White Swan but a good one to follow.
 Strong Plants 20c
- Daisy—White Swan**—Early double white daisy in bloom for Memorial Day ----- **Strong Plants 20c**
- Daisy—Esther Reed**—A new introduction to the daisy family. Flowers are pure white, and are completely double and produces flowers from June till frost. Stock limited ----- **Per Plant 50c**
- Digitalis or Foxglove**—Flower heads over 3 feet long, with bell-shaped blossoms of mixed colors of white to dark rose with some being spotted.
 Plants Each 20c, 3 for 50c
- Delphiniums**—The one perennial that should be in every hardy plant collection. Very outstanding for cut flower. In shades of blue.
 Strong Plants 16 for \$2.00
- Fuchsia—Scarlet Beauty**—This is a gloriously new plant sensation that was first introduced in the spring of 1940. It is noted for its hardiness. Will attain a height of 3 feet when matured and will bear thousands of flowers of 1½ inches long of rose red with a touch of mulberry purple. It is a herbaceous plant which freezes to the ground each winter. In the spring and early summer it quickly comes up from the eyes which form below the surface of the ground. A protection in the winter is helpful ----- **Strong Plants 50c**
- Geranium Sangiuneum**—Hardy Geranium with fine cut leaf foliage and orchid pink flowers. About 15 inches tall ----- **Strong Plants 15c**

ARBOR VITAE

America—Upright growing with the leaves of fan shaped structure__8 to 10 inch Size 35c, 3 for \$1.00

Pyramidalis—Grows naturally tall and slender. Very popular in landscaping planting.
8 to 10 inch Size 35c, 3 for \$1.00

Globes—Dwarf growing type in a globe form. A much needed type with the other varieties.
6 to 10 inch Size 35c, 3 for \$1.00

HEMLOCKS

A beautiful upright evergreen with lacy foliage. Excellent for shady location. Also does well in the sun -----10 to 15 inch Size 50c, 3 for \$1.25

JUNIPERS

Andorra—Beautiful creeping evergreen that lays close to the ground. Good for rock gardens and slopes. In the fall it turns to a reddish purple.
8 to 10 inch Size 40c, 3 for \$1.00

Phitzer—One of the best known spreading evergreens grown. A much needed variety with other plantings -----6 to 10 inch Size 40c, 3 for \$1.00

Irish—This Juniper is one of the slimmest evergreens growing. It is erect and slender with a blueish green color -----10 to 15 inch Size 50c

SPRUCE

Norway—This type of evergree is the one most frequent grown for Christmas trees. Very hardy.
8 to 12 inch Plants 40c, 3 for \$1.00

PINES

Mugho—An excellent dwarf pine in a compact globe shape. Used with group plantings for its formal effects -----6 to 8 inch Plants 50c

Scotch—Upright growing with dense foliage. Long dark green needles. Wide spreading branches.
10 to 15 inch Plants 40c

YEWS

Yews are the leading evergreen as it fills so many places that other evergreens will not do. Yews do well in sun or shade. They can be sheared and trimmed to a desired shape. Foliage is soft and compact growth.

Cuspidata—Low spreading type which is broader than in height -----8 to 12 inch Size 50c

Cuspidata Capitata—Upright growing tall with a broad base -----8 to 12 inch Size 50c

Cuspidata Nana—This is a dwarf growing Yew and fills a long felt need for a dwarf evergreen.
6 to 8 inch Size 50c

Media Hicksi—A decidedly upright forming a column type evergreen. Foliage of a very dark green. Slow growing and very compact ---8 to 12 inch Size 60c

VEGETABLE PLANTS

Tomatoes—Firesteel—Considered the best all around tomatoe. Can be planted for early or late crop. Firm, solid and meaty. Dark crimson red all over at same time. It is a smooth globe shape, and ripens evenly. Hardly any small tomatoes. Individual tomatoes weigh from 12 to 15 oz. and are borne in clusters of three to five. As fine a flavored tomato we have ever eaten, free from acidity, fine for juice and unbeatable for slicing. This tomato is increasing in demand each year and will replace a lot of older varieties. Give this tomato a trial this year. **Transplanted Plants per Dozen 35c**
Pot Plants per Dozen \$1.25

Greater Baltimore—The tomato that is used by canning factories ----- **Plants per Dozen 25c**
Three Dozen or More per Dozen 20c

SWEET POTATOES

Golden Sweet—A new variety that is outstanding in the list of sweet potatoes. The color is a deep rich golden yellow with a slight pinkish cast, holding its color perfectly when cooked. It is neither extra dry or wet type like many other sweet potatoes. Slightly moist at any state of maturity. It produces a crop very early. We know when you have tried this potato you will be more than satisfied and will continue to use it. If you want the best try "Golden Sweet."

Plants 100 for \$2.00, 250 for \$3.00, 500 for \$5.00

Nancy Hall or Vineless ----- **Per 100 \$1.25, 250 \$2.50**

Porta Ricans ----- **Per 100 \$1.25, Per 250 \$2.50**

Yellow Jersey ----- **Per 100 \$1.25, Per 250 \$2.50**
